Dear Parents and Carers,

I am writing to let you know that one of our children is receiving medical treatment which will affect their immune system. This puts them at risk if they are exposed to measles, chickenpox or shingles. Please let us know immediately if your child is suspected of having any symptoms of these conditions as our pupil would need to be given an injection within three days of contact. It is also important that you let us know if there is measles, chickenpox or shingles in your household.

Your child is not at any risk whatsoever from this situation. However, the health and well-being of our pupil who is at risk, does depend on the cooperation of the school community and we hope that you will help us.

Thank you as always for your support and cooperation.

Yours sincerely

Mrs J Carvell

Headteacher
Vernon Primary School

Nobody else is quite like me'
