

Vernon Primary School Marking Policy

'Nobody Else is Quite Like Me'

Intent

Assessment is a continuous process integral to learning and teaching. It is how teachers gain knowledge of their pupils' needs, achievements and abilities, enabling planning and delivery to be more effective, thereby raising attainment for every pupil. It should be approached professionally, purposefully and sensitively, with respect for the individual pupil's achievements.

Principles of assessment at Vernon Primary School are:

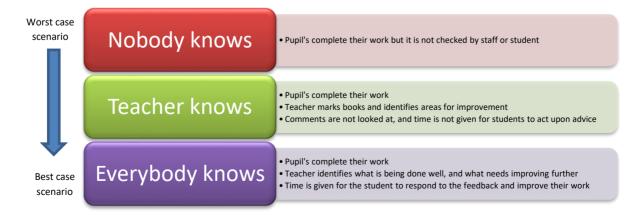

- To provide information to support progression in learning through planning
- To provide information for target setting for individuals, groups and cohorts
- To share next steps with pupils and ensure pupils are challenged.
- To involve pupils with self-assessment
- To help pupils know and recognise the standards they are aiming for
- To identify pupils who may require additional support
- To inform parents and other interested parties of pupil's progress
- To complete a critical self-evaluation of the school

Assessment for Learning

Assessment for learning are opportunities which are a natural part of teaching and learning; are constantly taking place in the classroom through discussion, listening and analysis of work. It is essential that teachers know how well a pupil has progressed and that pupils understand how well they are doing and what they must learn to help them improve.

To achieve this at Vernon Primary School we will:

- Ensure **pupils** are secure in their understanding of the learning objective and encourage them to evaluate their learning using self-assess colours (red challenging; yellow understood but require consolidation; green confidently understood).
- Ensure, (where appropriate) that **pupils** are involved in marking their own or a peer's learning so that it becomes second nature to review their own learning.
- **Adult** to evaluate pupils learning to identify those pupils with particular needs (including those who are able) so that any issues can be addressed in subsequent lessons.
- Adults will use assessment to adjust plans to meet the needs of the pupils.
- Adults will provide pupil with feedback that it is constructive and informative in accordance with the whole class feedback marking policy.
- **Pupils**, (under the guidance of an adult) will use whole class feedback approach to further review their learning from previous lessons.
- **Teachers** will incorporate both formative and summative assessment opportunities in mediumterm and short-term planning.
- **Teachers** will assess all subjects termly using a common format and make relevant comments about pupil's progress, especially those working below or above the national average.

Marking and Feedback - Foundation Stage

- Marking will be carried out verbally, sharing with the pupil where they have achieved the learning objective and areas for development.
- Child-led initiated activities are put on to the Online Learning Journey and assessed against the Early Learning Goals and Characteristics of Effective Learning; verbal feedback about a pupil's learning will often be given verbally to the pupil during their chosen activity.
- See example below of Foundation Stages online Learning Journey:

Marking and Feedback - Key Stage 1 & Key Stage 2

General Guidance

Each piece of work must have the learning objective as the title and the date (underlined). **High standards of presentation will be encouraged in all pieces of work.** To indicate that the pupil's work has been marked, the teacher will use the following codes to indicate the pupil's next steps:

- ✓ the objective has not been understood. This needs to be revisited.
- ✓ ✓ The objective has been partially understood. Reinforcement is required.
- ✓ ✓ ✓ The objective has been fully met.

All work should be marked using a black pen.

English

- Identify errors in the margin using the marking code.
- Identify a next step, when appropriate, with footprint stamp, at the end of a piece of work.
 Next step target must be reflective of year groups writing grid expectations (see appendix for example)
- If appropriate (KS1) identify the error under the word.
- Use ticks to identify areas of the work which are good
- Set up feedback and improvement (FIT) slide for the next day (see appendix for example of feedback slide).
- The feedback and improvement (FIT) slide will focus on identifying pupils EGPS misconceptions, along with a reminder for all pupils to check their next steps comment.
- At the start of each lesson highlight a few children who have worked particularly well. Children who are highlighted will receive a dojo.
- After an extended piece of writing, complete the feedback slide before the pupils' edit.
- Each child to have an individual target card in their English books that they are aiming to complete. It must be reflective of year groups writing grid expectations (see appendix for example)
- Use marking to annotate and inform weekly planning.
- High standards of presentation will be encouraged and praised.

Mathematics

- Mark all work with a ✓ or .
- Set up feedback and improvement (FIT) slide for following day (see appendix for example of feedback slide).
- On the slide √√√ section should have 3 levels of activity based on difficulty. Every pupil must start at 1*
- At the start of each lesson highlight a few children who have worked particularly well. Children who are highlighted receive a dojo.
- Use marking to annotate and inform weekly planning.
- High standards of presentation will be encouraged and praised.

Curriculum

- ✓ Improvements required due to misconceptions. Verbal feedback offered and the work will be adapted or changed.
- √ √ No written feedback required. The work demonstrates good progress against the objective and is well presented.
- √ √ √ No written feedback required. The work exemplifies the learning and is presented in a thoughtful and creative way.
- Use marking to annotate and inform planning.
- High standards of presentation will be encouraged and praised.

Homework

- All pieces of homework should be marked in black pen
- When marking, ticks should be used to acknowledge that the teacher has read it and a positive comment made, linked to the task.
- Comments should be seen as an opportunity to communicate a pupil's progress with parents or carers.
- High standards of presentation will be encouraged and praised.
